I worked with Helen Britton for many years at the University of Houston. We wrote a pretty big deal article together. She came to my retirement party, and I was so happy to have one more visit with her. She always bragged on her niece, whom I met twice at the library, both times when she was a youngster. There was such pride in Helen's voice when she told me that her niece had become a doctor. She was so full of life and had an indomitable spirit. Thank you Kimberly for the photos you posted here. I have so many fond memories of Helen. She was such a dear to me and my family. We were privileged to be her "adopted" family and grateful for the cakes and other goodies that came along with that. Just weeks ago, she called to wish John a Happy Father's Day. May you find rest and reward, Beloved Helen, in the nearer presence of the Almighty and in the company of all your loved ones who have gone before you.

I will always cherish pleasant memories of my sister in-law, Helen Britton. She fought a good fight. My heart is with you.
