Cynthia simply loved everyone. She was as open and honest as anyone I ever met. She loved her family and grandchildren. I cherish her time spent visiting with me. She will be missed by her family but she instilled good values and strength to go on. Remember all the good things as you go through this and learn to continue without her. I was very fortunate to work with Cynthia at Intrafusion/McKesson and continued to communicate after I left the company. Cynthia had the biggest smile and the biggest heart. She was beautiful inside- out. She always had a positive attitude in anything she touched. She taught me a valuable lesson to always look on the bright side of the things. I will cherish our talks and most importantly cherish every day as tomorrow is never promised. I loved you then and will continue to love you now until we meet again.May all the Lords angels surround Cynthia's family and friends in their time of need. Wow!! My heart is so broken for your family. May God wrap his arms around your family in this time of need. Ms. Cynthia, what can I say but that I cherished your friendship, as co-workers at Fondren and McKesson. Alysia and I was blessed every day by your kind words, big heart and beautiful smile. The times we laughed, the time we spent talking. You were always looking out for me as if I was one of your kids and I love you for it. Because of you I am where I'm at today. You help me get to a better place. I will never forget you. You will always have a place in my heart. I sit here crying not wanting to say good bye to a beautiful friend like you, but I will see you again as we will sit at the right hand of the Lord.

My deepest heartfelt condolences to Ms. Cynthia's family, especially her daughter, grand babies and sisters whom she loved dearly. I was honored to work side by side her for years and to get to know her on a personal and professional level. She was always so positive despite what she was going through, always checking in on me while she was fighting her own battle. That just went to show how loving and caring she was despite it all. I am very saddened by her loss and will truly miss her.

Your words of encouragement to me at the loss of my daughter will always be remembered. The only positive is that I know you are with the Lord, Joe, Velma and the rest of the family. Rest in peace Cuz, you will be missed. Cousin Rhita

As Heaven has gained another Angel, Let your family be Blessed knowing that you are in the best place. You were always very helpful with anything that needed to be done, flustered sometimes at yourself for not always remembering all the steps, but always learning and wanting more. I appreciated your devotion to GOD, family, friends and your job family. You spoke of your grandbabies often and I hope they will always feel your presence and love with them. You are now Free, free of pain, stress and all ailments, I was Blessed to have known you. Rest in Peace, thanks for all your smiles, hugs and warm heart.
