My memories of Ms. Tina there are many. You have been my neighbor for 24 years. You've seen me and my brothers grown up since we were 5 years old. Us and the neighborhood kids would come and play upstairs at you and Mr. Mikes house. You used to always see us coming home from the bus stop. We always looked out for each other at neighbors especially during that freeze we had in 2021. I was very fortunate for you to meet me son and I will always cherish those moments. We will continue to look after Mr. Mike don't worry Ms. Tina. You guys were like second parents! May God rest your soul and thank you for being in me and my brothers life's the last 24 years!

Aunt Tina. I am sad that you are no longer with us in body, but, I am happy that you are no longer in pain. That you are sitting by God's side and are with your parents, sister (my mommy), brothers and my daddy. I have so many fond memories, but the one that sticks out is when you came home from college for a visit. You brought along a good many of your girlfriends. I honestly do not think Mother was expecting so many. I was two or three years old. When all of you started to dance, you picked me up and danced with me so that I would be included. I felt like I was grown-up just like you. Other memories include you hanging-out with your brothers, Pop, my daddy, and other male relatives at Thanksgiving watching the football games. Your yell being louder than your brothers when a player made a touchdown. Thank you for those memories. I will be forever grateful for your comfort when daddy passed away. You have always been here for me in good and bad times. I know you will continue to look over not only me, but all of us. I love you Aunt Tina
