Craig S. Treadway posted:

I loved this man immensely. He was the Man I always wanted to be. I remember the night he became an Alpha, and when he scored his first job out of college at Xerox. I knew he was destined to touch many lives and become a success. He did not prove me wrong. The only blip on his business record was he and I trying to throw a skate party in college. Didn't work out, but we had fun anyway. He'll always be my favorite D.J. (sorry Jon Quick)
